

# Gifted and High Potential Policy

**Rationale:**

The High Potential and Gifted Education Policy promotes engagement and challenge for every student, regardless of background, in every school across intellectual, creative, social-emotional and physical domains. It supports every student to achieve their educational potential, through talent development opportunities and differentiated teaching and learning practices to ensure that their specific learning and wellbeing needs are met.

**Outcomes:**

Through its structure, practice and application the school assembly contributes to the recognition of students' efforts for academic, sporting and community activities and informs the school community of important events.

**Objectives:****Policy Outline:**
